DEPARTMENT OF EDUCATION

Through the Office for Dispute Resolution, the Pennsylvania Department of Education (PDE) fulfills its statutory mandate to maintain a special education due process system. PDE contracts with the Central Susquehanna Intermediate Unit to provide fiscal and certain management support for that office, without becoming involved in substantive operations.

The Central Susquehanna Intermediate Unit will not discriminate in educational programs, activities or employment practices based on race, color, national origin, gender, disability, marital status, age, religion, sexual orientation, ancestry, union membership or other legally protected classifications. Announcement of this policy is in accord with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990. Employees and program participants who have an inquiry or complaint of harassment or discrimination, or who need information about accommodations for people with disabilities, should contact Director of Human Resources, CSIU, PO Box 213, Lewisburg, PA 17837, 570-523-1155.

## **Introduction**

The Office for Dispute Resolution (ODR) provides the resources for parents and local educational agencies (LEAs) to resolve educational disputes for children served by the early intervention system, students who are gifted (or thought to be gifted), and students with disabilities (or thought to have disabilities). Pennsylvania's recognition as an "exemplar state" in 2009 is an acknowledgement of the array of quality services ODR provides.

Throughout the year, the ODR Stakeholder Council provided insight and feedback regarding the dispute resolution system. The ODR Stakeholder Council was instrumental in the drafting of the Mediator Code of Ethics and Hearing Officer Code of Ethics. Members reviewed and commented on a draft of the *Parent Guide to Due Process*, and provided extensive feedback regarding *Evaluative Conciliation Conference*.

In addition to the traditional dispute resolution services offered, ODR is committed to seeking out and offering the most innovative services on the forefront of special education dispute resolution. To that end, ODR has designed and introduced a pilot service called the *Evaluative Conciliation Conference* (ECC). Ongoing assessment of the pilot will occur during the upcoming fiscal year.

In short, an ECC Consultant highly trained in special education, law, and due process hearings, will assist interested parties in realistically analyzing the merits of their respective cases, with the hope that this will facilitate settlement as early in the dispute as possible. The Consultant for the pilot project will be Attorney Cathy Skidmore. Initial response to this offering has been positive; ODR will solicit input from users of the service in order to evaluate and assess the efficacy of this service. Because few states provide such a service, an exemplar was not available. Solicited input during the design stage from the ODR Stakeholder Council, the Honorable Jacob Hart (Eastern District of Pennsylvania), the Center for Appropriate Dispute Resolution in Special Education (CADRE), and a colleague in Massachusetts, however, was particularly helpful and appreciated.

Other highlights for Fiscal Year (FY) 2011-2012 include the following:

## **Stakeholder Education**

ODR endeavors to provide high quality, relevant information to stakeholders on all aspects of the dispute resolution system. In addition, ODR attempts to provide this information in various modalities, in an effort to meet the needs of multiple stakeholders. The ODR website is currently being redesigned to better meet the needs of its users.

ODR developed video presentations on the following topics:

- **Hearing Officer Introductions.** Each hearing officer videotaped a brief introduction, including his or her biographical information;

- **Due Process Hearing Procedures.** This is a four-installment series by the hearing officers geared towards non-lawyers;
- **ConsultLine Services.** A description of ConsultLine services, the video reminds listeners that ConsultLine is available to provide support for parents participating in mediation and resolution meetings;
- **Facilitated Resolution Meetings;**
- **Procedural Safeguards.** A variety of information is available on the ODR website regarding the procedural safeguards notice (PSN), including an audio version, and frequently asked questions about the PSN. CADRE has posted the video on its national website.

ConsultLine launched a new *Parent Resource Library* on the ODR website after consultation with the ODR Stakeholder Council, and review of responses to an online survey. In addition, ConsultLine staff continued efforts to reach underserved communities with information on its services.

ODR has also prepared a *Parent Guide to Due Process*, and updated the *Special Education Dispute Resolution Manual*, both of which will be available shortly. Future publications will be *Parent Guide to Early Intervention* and *Parent Guide to Gifted Education*.

## **Training**

### **Evaluative Conciliation Conference (ECC)**

The ODR Director, Dispute Resolution Program Manager, and all hearing officers met with the Honorable Jacob Hart in anticipation of creating the ECC process. Judge Hart has extensive experience in the mediation and settlement of claims, and he graciously offered his expertise to ODR to assist the office in structuring the ECC process.

### **Mediation**

Attorney James Gerl of West Virginia provided training to the facilitators and mediators. Attorney Gerl is an experienced hearing officer and mediator in multiple states, and a frequent contributor to CADRE symposiums.

### **Due Process (Hearing Officers)**

As they do each year, the hearing officers attended a variety of trainings such as the PBI's *Conference on Exceptional Children*; Lehigh University *39<sup>th</sup> Annual Special Education Law Conference/Symposium*; and the *11<sup>th</sup> National Academy for Administrative Law Judges and Hearing Officers*. In addition, Attorney Gerl spent a day with the hearing officers training on mediation and frequently occurring issues in

due process. Individual hearing officers also pursued training throughout the year, based upon their individual needs and preferences.

Hearing Officers Culleton, McElligott, and Skidmore are now certified as hearing officers through the National Association of Hearing Officials (NAHO). Dr. Valentini has been re-certified as a hearing officer through NAHO. She was the first Pennsylvania hearing officer to achieve NAHO accreditation. Other hearing officers are completing NAHO certification processes.

### **ODR Staff**

The ODR Director and ConsultLine Project Manager completed three-day training in Conflict Coaching with Dr. Trish Jones of Temple University. The ConsultLine Project Manager and Dispute Resolution Program Manager completed a program on Advanced Mediation Training through the Northern Virginia Mediation Service. The ODR Director completed two-day training in grant writing.

The ConsultLine Project Manager and Hearing Officer McElligott worked together to design staff development seminars for ConsultLine staff, with hearing officers as instructors. Because ConsultLine specialists have a highly technical, unique role, finding relevant and rigorous training opportunities for ConsultLine staff is difficult; the collaboration between ConsultLine and hearing officers meets this need in a cost effective way.

### **Presentations**

Throughout the year, the ODR Director, managers, and hearing officers gave numerous presentations to stakeholders on topics of interest to the special education community. For example, the ODR Director talked about issues in due process to the PA Fellowship of Special Education Leaders, the IDEA Work group, and the Special Education Leadership Conference, as well as co-presented with the ConsultLine Project Manager on *Creating Agreement* conflict resolution training.

The ConsultLine Project Manager and ConsultLine staff trained parents and educators on *Creating Agreement* throughout the year. On multiple occasions, ConsultLine personnel presented information on the scope and services of ConsultLine. The ConsultLine Project Manager represented Pennsylvania and ODR at the Legal and Regulatory Workgroup meeting of the Northeastern Regional Resource Center (NERCC).

The Dispute Resolution Program Manager again participated in the early intervention system's *LEA Representative training series*, and was a well-received speaker at CADRE's 5<sup>th</sup> National Symposium on Dispute Resolution in Special Education in Oregon.

The hearing officers and mediators also shared their respective knowledge with stakeholders, such as Dr. Linda Valentini's presentation on executive functioning skills at the Conference on Exceptional Children. Attorney Cathy Skidmore and Mediator Constance Lyttle co-presented on special education dispute resolution at the Pennsylvania

Education for All Coalition (PEAC). Dr. Valentini and Attorney Skidmore prepared a proposed online training for early intervention staff, and then co-presented on this topic.

In June 2012, the hearing officers planned and presented a *Conversation with the Special Education Hearing Officers* for the Pennsylvania Bar Institute (PBI). A similar presentation is being planned by the hearing officer who handles gifted education cases.

ODR staff attended numerous conferences and seminars to disseminate materials, and be available for questions. Examples included: the National Autism Conference at Penn State; the Pennsylvania Bar Institute's Exceptional Children Conference; PASA-PSBA School Leadership Conference; and the Pennsylvania Department of Education Annual Conference.

### **ConsultLine**

ODR's ConsultLine is a toll-free information helpline for parents and advocates who have questions or concerns about special education for school-age children. Inquiries regarding special education services for children up to the age the child enters school are referred to the Office of Child Development and Early Learning (OCDEL).

ConsultLine is staffed by four Specialists who provide information about special education, gifted education, and Section 504 of the *Rehabilitation Act of 1973*. During a ConsultLine call, Specialists provide the following services:

- Describe the processes involved in having a child evaluated, identified, and provided with special education, accommodations, and related services;
- Explain the procedural safeguards;
- Provide information, assistance and access to the state complaint process managed by the Department of Education's Bureau of Special Education (BSE);
- Discuss options to address the parent's concerns or disagreements about their child's special education program; and
- Refer callers to other resources, such as publications, websites and disability-related organizations.

### **Call Activity**

In order to provide equitable service, Specialists generally respond to calls in the order in which they are received and, in accordance with contact instructions provided by the caller (e.g. date and times when the caller expects to be available). During FY 2011-12, ConsultLine received 3,519 calls, and provided service to 3,145 constituents. The difference between the number of calls received, and the number of callers served, is due to unavailability of the caller despite attempts to reach the caller at least three times over the course of three business days.

To the extent possible, Specialists provide live service; this means the Specialists respond to incoming calls directly, as opposed to the caller leaving a voicemail message. Live service is provided during off-peak periods, and when staffing and

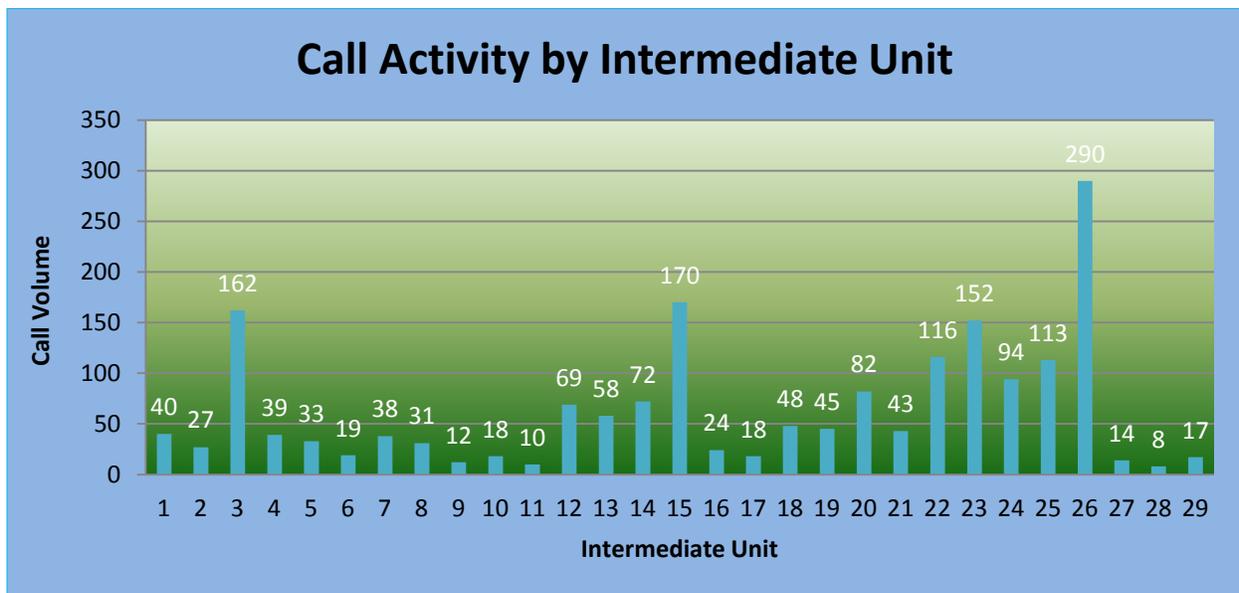

call volume permits. Constituents routinely express their satisfaction with being able to speak with someone directly, as opposed to waiting for a return call.

ConsultLine is staffed with a bilingual Specialist who provides ConsultLine service to callers whose primary language is Spanish. During FY 2011-12, the bilingual Specialist served 48 callers in response to their request for assistance from a Spanish-speaking Specialist. As needed, Specialists use a translation service called “Language Line” to serve callers whose primary language is neither English nor Spanish.

**Caller Demographics**

ConsultLine specialists may request, but do not require, the caller to identify his/her geographical region for statistical purposes. The following data is not inclusive of all callers served; it is limited to statistics which were volunteered by 1,864 of the 3,145 caller’s served during FY 2011-12. Based on information provided by callers, the following statistics provide a general impression of call activity across the state.

More than 100 calls were received from the following Intermediate Unit areas: Philadelphia Intermediate Unit 26; Capital Area Intermediate Unit 15; Allegheny Intermediate Unit 3; Montgomery County Intermediate Unit 23; Bucks County Intermediate Unit 22 and Delaware County Intermediate Unit 25. Overall call distribution is reflected in the chart below:

**Types of Inquiries**

ConsultLine Specialists document the special education-related topics associated with a caller’s question(s). During FY 2011-12, the following topics were most frequently used to categorize the caller’s inquiries or concerns: multidisciplinary evaluation; IEP implementation; educational placement; procedural safeguards notice; and discipline. Inquires to the ConsultLine include requests for materials. During FY 2011-12, Specialists provided publications, forms or other written

materials to 1,267 callers. More than half of these materials were delivered to callers electronically.

### **Call Resolution Process and Provision of BSE Complaint Packets**

ConsultLine's Call Resolution Process (CRP) is a highly regarded and effective compliance-related dispute resolution tool. CRP was created in conjunction with the Bureau of Special Education (BSE) for IDEA-related issues and certain issues related to Section 504 of the *Rehabilitation Act of 1973*.

CRP is an email notice to the LEA which describes the parent's compliance-related concerns. The process is voluntary and requires the parent's permission. The content of the CRP message is developed by the Specialist. It includes a brief summary of the parent's concerns and, to the extent known, the parent's proposed resolution. Once completed and approved by the parent, the CRP email is sent to the following recipients: the LEA administrator responsible for special education; the BSE Division Chief; and the regional BSE advisor. CRP is only offered to callers who have identified themselves as the child's parent as defined in 34 CFR 300.30.

During CRP, the Specialist acts as a conduit of information between the parent and the school; the Specialist does not serve as an advocate, decision-maker, mediator, or compliance advisor. Once the email is sent, the Specialist's involvement in CRP has concluded. During FY 2011-12, CRP was offered to 396 callers, and provided in 168 instances.

Information about the BSE complaint process and the state complaint form is sent to the parent every time CRP is utilized, but also when otherwise requested by a caller. During FY 2011-12, Specialists sent out 288 complaint forms and information packets.

### **Gifted Education**

ConsultLine Specialists assist callers who have questions or concerns about Chapter 16/Gifted Education. Some of these callers allege compliance violations. When this occurs, the Specialist provides the caller with pertinent information regarding Chapter 16 regulations and procedural safeguards, including the availability of the option to file a written complaint. The caller is then referred directly to the BSE advisor designated for management of Chapter 16 compliance issues. During FY 2011-12, ConsultLine specialists served 64 callers whose questions or concerns were specifically related to gifted education.

### **Evaluation Surveys**

When callers provide contact information, Specialists conclude service by mailing or emailing an evaluation survey to the caller. The survey is brief and it can be completed and returned anonymously. Survey participants are asked to provide comments and to answer several satisfaction-based questions.

During FY 2011-12, constituents returned 109 evaluation surveys. Consistent with past years, survey results indicate high levels of satisfaction with the services

provided by ConsultLine Specialists. The following comments represent overall satisfaction expressed throughout survey responses.

**“I am very happy with the response and help I received from the Special Education ConsultLine. I am so glad to know that this help is available.”**

**“...I have become educated on many educational issues due to this excellent service provided through ConsultLine.”**

**“The actions taken on my behalf initiated immediate action. Thank you for your help.”**

### **IEP/IFSP/GIEP Facilitation**

#### **Third Party Facilitator**

Facilitation services are available to parents and educators when drafting the IEP, IFSP, or GIEP. Because facilitation is a voluntary process, both the parent(s) and the school must agree to the presence of a facilitator.

#### **Facilitation Requests**

IEP Facilitation was requested 60 times during the fiscal year and held 50 times. Districts in Allegheny County Intermediate Unit 3, Montgomery County Intermediate Unit 23, and Chester County Intermediate Unit 24 requested IEP Facilitation most often.

With the help of a facilitator, teams completed IEPs, in whole or in part, in over 74% of the cases. The vast majority of participants in IEP Facilitation were very satisfied with the outcome and would recommend the service to others.

For a complete listing of IEP facilitation activity, with results, see Exhibit 1, IEP Results by Intermediate Unit and School District.

#### **Early Intervention (Facilitation Requests)**

There were no IFSP facilitation requests and no pre-school facilitation requests during the reporting period.

#### **Gifted Education (Facilitation Requests)**

There were no GIEP facilitation requests during the reporting period.

### **Mediation**

In FY 2011-12, ODR contracted with 24 independent contractors to provide mediation services to parents and educators. ODR received 406 requests for mediation during the reporting period, with Chester County Intermediate Unit 24 accounting for the most

requests, followed by Montgomery County Intermediate Unit 23; Bucks County Intermediate Unit 22; Delaware County Intermediate Unit 25; Allegheny County Intermediate Unit 3; Philadelphia Intermediate Unit 26; and Capital Area Intermediate Unit 15). Detailed information about mediation results can be found in Exhibit 2, Mediation Results by Intermediate Unit and School District.

Of the 406 mediation requests received by ODR, 213 went forward to a mediation session, with an overall agreement rate of 81%. The difference in number of requests versus number of sessions held is due to withdrawal of the request after it is made, almost always due to settlement, or, in 37 instances, the non-requesting party declined to participate in mediation. At the end of the reporting period, there were 40 cases that remained active.

### **Birth - 3 (Mediation Statistics)**

There were four requests for mediation for the birth-3 population for FY 2011-12. Two of these reached agreement at mediation, and the remaining two were still active at the end of the reporting period.

### **Pre-school (Mediation Statistics)**

There were 60 requests for mediation for the pre-school population, an increase from last reporting period. Of these, 42 went to a mediation session, with an agreement rate of 83%. As noted above, the difference in number of requests versus number of sessions held is due to withdrawal of the request after it is made, almost always due to settlement, or lack of consensus to use the mediation process. Three mediations remained active at the end of the reporting period.

### **Gifted Education (Mediation Statistics)**

There were 25 mediation requests that pertained exclusively to Chapter 16/gifted education, which is an increase from the previous reporting period. Agreements were written in ten cases (90.9% agreement rate); in one instance no agreement was reached. The balance of the requests were withdrawn due to settlement; the non-requesting party did not respond to the request for mediation and in three instances, the non-requesting party declined to participate in mediation.

### **Protected Handicapped/504 Students (Mediation Statistics)**

There were four requests for mediation pertaining to 504 issues. Of these, two mediations were held and two agreements were reached. In one instance there was no response from the parties, and there was one request withdrawn.

### **Mediation Issues**

Placement issues and IEP issues were by far the two most commonly addressed issues at mediation, followed by evaluation, supplemental aids and services, and compensatory education.

### **Early Intervention (Issues)**

For the birth-3 age group as well as the pre-school population, the issues discussed most at mediation were placement issues, IEP issues, and related services.

### **Gifted Education (Issues)**

GIEP content and identification were the two most common issues addressed at mediation.

### **Protected Handicapped/504 Students (Issues)**

Issues discussed for this group were the 504 plan, evaluation and related services.

### **Evaluations**

Two hundred twenty-nine (229) post-mediation evaluations were returned during FY 2011-12. A vast majority indicated satisfaction with the services of ODR and the mediators, and the process itself. Examples of comments on the evaluation form:

**“The mediator did a very good job of bringing resolution to a difficult situation.”**

**“The mediator has a unique style of mediation that maximizes communication between both parties.”**

**“The mediator did a nice job in facilitating conversation and allowing each party to be heard; highlighting points of agreement.”**

**“The mediator did a great job acting as a neutral 3<sup>rd</sup> party facilitating open communication.”**

## **Due Process**

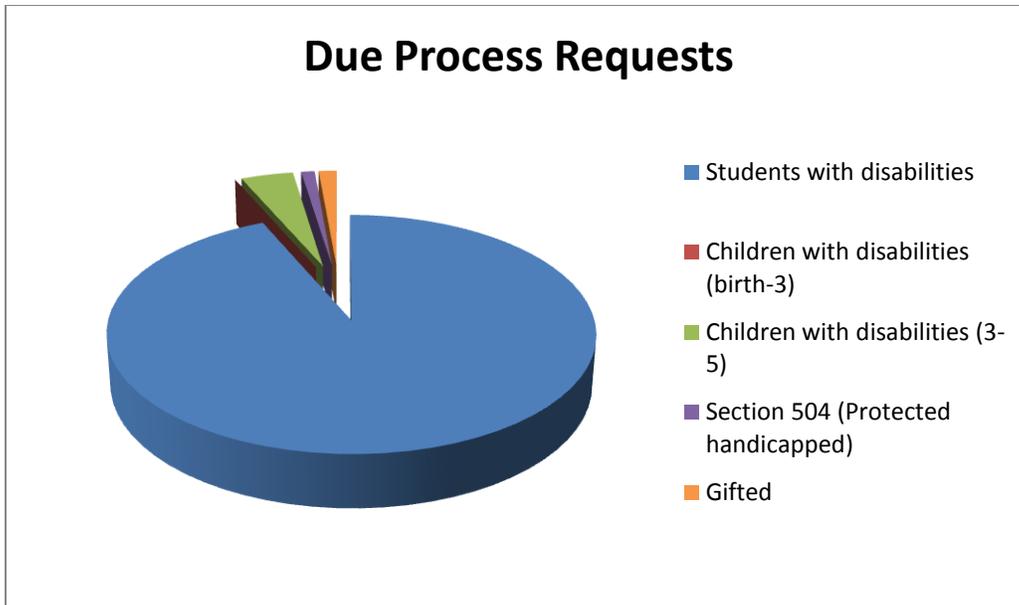

### **Due Process Requests**

For FY 2011-12, ODR received 859 requests for due process. This is the first year in several years in which this number increased rather than decreased from the previous year. IDEA-related issues accounted for 98% of all due process requests.

The total numbers of requests are broken down into the following categories:

Total number of IDEA-related requests:

<input type="checkbox"/> Students with disabilities	803
<input type="checkbox"/> Children with disabilities (birth-3)	0
<input type="checkbox"/> Children with disabilities (ages 3-5)	35
<input type="checkbox"/> Section 504 (Protected handicapped)	9
<input type="checkbox"/> Gifted	12

The largest number of due process requests for this year came from the following seven intermediate units:

☐ Philadelphia County Intermediate Unit 26	206
☐ Montgomery County Intermediate Unit 23	85
☐ Delaware County Intermediate Unit 25	75
☐ Northeastern Educational Intermediate Unit 19	59
☐ Berks County Intermediate Unit 14	57
☐ Chester County Intermediate Unit 24	55
☐ Bucks County Intermediate Unit 22	54

Detailed information about Due Process Results and Issues by Intermediate Units and School Districts may be found in Exhibit 3.

### **Resolution Meetings**

Before moving forward to a due process hearing requested by the parent, the parties are obligated to hold a resolution meeting to try to reach agreement. This meeting must take place unless the parties agree to waive the meeting, or agree to pursue mediation instead. In many instances, the parties resolve the matter during the 30-day resolution period. The LEA is obligated to complete and return to ODR a detailed form about the resolution meeting during specified timeframes associated with different occurrences. The form is then provided to BSE for compliance monitoring. Complete statistical data is not available by the close of the fiscal year. This information is provided in the Pennsylvania Annual Performance Report.

As part of the ODR continuum for dispute resolution options, parties may choose to have a neutral facilitator attend the resolution meeting to assist the parties in reaching agreement on contested issues. During the reporting period, there were 39

requests for this voluntary process. Of these, 27 facilitated meetings took place, with agreement reached in whole or part in over 70% of the cases.

### **Cancelled Requests**

Of the 859 requests for due process, 657 were cancelled prior to full adjudication (i.e., a hearing officer's decision). Over 78% of the cancelled cases were due to settlement and withdrawal of the request for hearing. Three percent were dismissed by the hearing officer, and the balance were settled as a result of a resolution meeting.

### **Early Intervention (Cancelled Requests)**

Only two early intervention cases were fully adjudicated. Of the remaining 33 requests, over 90% were cancelled due to settlement and withdrawal of the request for hearing. One request was dismissed by the hearing officer, and two cases were still active as of the close of the reporting period.

### **Gifted Education (Cancelled Requests)**

There were four fully-adjudicated decisions for gifted education. The balance settled and were withdrawn.

### **Section 504/Protected Handicapped (Cancelled Requests)**

Of the nine requests for hearing pursuant to Section 504, one was fully adjudicated. The parties settled the case in three instances, and five cases were still active at the close of the reporting period.

### **Issues at Due Process Hearing**

Compensatory education and evaluation (including independent educational evaluation and evaluation report issues) continue to be the two most commonly addressed issues at due process, followed by IEP issues, placement, identification, and eligibility. See Exhibit 4, Due Process Issues by Type of Request.

### **Early Intervention (Issues)**

IEP issues, compensatory education, and evaluation were the predominant issues in early intervention cases.

### **Gifted Education (Issues)**

Compensatory education, GIEP issues, eligibility, identification and placement were the due process issues for cases involving gifted students.

### **Section 504/Protected Handicapped (Issues)**

Compensatory Education, identification, and placement were the due process issues for cases pertaining to Section 504.

### **Hearing Officer Decisions**

Only 8% of due process requests received during the reporting period were fully adjudicated, which is a decline from the previous year. Accordingly, although more total requests for hearing were receiving during FY 2011-12, more of those cases

settled prior to full adjudication. Of these 69 decisions, 64 pertained to IDEA; one pertained to Chapter 15/Section 504; and four pertained to gifted education.

In 48% of the decisions written, the hearing officer found generally in favor of the local education agency. Forty-one percent (41%) of the written decisions found generally in favor of the parent. The remaining 11% of decisions written supported parent in part and school district in part, the hearing officer issued his/her own decision, or the hearing officer wrote a decision dismissing the case.

#### **Early Intervention (Hearing Officer Decisions)**

There were no birth-3 hearing officer decisions. For the pre-school population, there were two hearing officer decisions: one decision supported the parent; the other supported the LEA.

#### **Gifted Education (Hearing Officer Decisions)**

The gifted education requests resulted in four decisions: one supported the parent and three supported the LEA.

#### **Chapter 15/Section 504 (Hearing Officer Decisions)**

The Chapter 15/Section 504 requests resulted in one decision which supported the LEA.

#### **Timelines**

In over 82% of the fully-adjudicated cases, the parties requested an extension of the decision due date pursuant to 34 CFR §300.515(c). The balance of decisions were written during the statutory period.

#### **Appeals to State and Federal Court**

During FY 2011-12, there were 29 appeals to state or federal court; only three of these appeals pertained to 2011-12 requests for hearing, with the balance pre-dating the reporting period. All appeals were brought under the Individuals with Disabilities Education Act (IDEA). In all but two cases, the appellant chose federal court over state court. Parents accounted for 72% of the total number of appeals received.

As of the close of the reporting period, 19 cases were still in progress; eight were dismissed, voluntary or otherwise. Judges rules on the substantive aspects of the cases in only two instances, upholding the hearing officer in whole or in part in both.

#### **Costs**

- IEP Facilitators billed a total of \$24,329.56 for services rendered during the fiscal year.
- Resolution Session Facilitators billed a total of \$15,915.83 for services Rendered during the fiscal year.

- Mediators billed a total of \$104,092.45 for services rendered during the fiscal year.
- Court Reporting fees totaled \$416,890.44 with one-third billed to the respective LEA (\$138,963.48).

### **Conclusion**

A copy of this Annual Report will be posted on the ODR website, [www.odr-pa.org](http://www.odr-pa.org) as well as distributed to the Special Education Advisory Panel (SEAP) and the ODR Stakeholder Council.
