Introduction

Early Start is a statewide system of early intervention services for infants and toddlers, from birth to 36 months of age, with disabilities and their families.

Services are provided in a family-centered, multidisciplinary, interagency, and community-based system. California’s Early Start system is governed by federal and state statutes and regulations.

Parents★ have rights and access to procedural safeguards to assure that early intervention services are provided in a manner appropriate to their child’s needs and to the concerns of the family.

This booklet is intended for parents and other interested persons and provides information on parents’ rights under Early Start.

★ See page 3 for definition of parent as used in this booklet.

Statute and regulation citations are provided in the margins of this booklet to enable the reader to refer to the specific language found in law. The federal statute governing Early Start is Part C of the Individuals with Disabilities Education Act (IDEA), Title 20, United States Code, Section 1431 et seq.

Federal regulations are found in Title 34, Code of Federal Regulations (CFR), Part 303.

The state law governing Early Start is the California Early Intervention Services Act, Government Code (GC), Section 95000 et seq. State regulations are found in Title 17, California Code of Regulations (CCR), Section 52000 through Section 52175.

Evaluation & Assessment

CFR 303.322
CFR 303.406
CCR 52082

The determination of eligibility for Early Start in California includes a timely, comprehensive, multi-disciplinary evaluation and assessment of every child under age three years who is suspected to be in need of early intervention services. If no parent or guardian is available or the child is a ward of the court, a knowledgeable surrogate parent who has no conflicting interest will be appointed by a regional center or LEA under Title 17, Section 52175. Procedural safeguards ensure that families are provided their rights under the law.

CFR 303.340
CFR 303.342
GC 95020(b)
CCR 52100
CCR 52102

An Individualized Family Service Plan (IFSP) is a written plan for providing early intervention services to an eligible child and the child's family. For an infant or toddler who has been evaluated for the first time, a meeting must take place within 45 days of the referral to the regional center or LEA to share the results of the evaluation, to determine eligibility, and, for children who are eligible, to develop the initial IFSP. Evaluation results and determination of eligibility may be shared with families prior to the first IFSP meeting.

CFR303.342CCR
52102

A periodic review of your child's IFSP must take place at least every six months. A review may occur more frequently if there are any changes to the IFSP or if you request a periodic review with the regional center or LEA. The IFSP must also be reviewed annually to evaluate how your child is doing and to make any needed changes to the IFSP.

◆ All parents are encouraged to resolve differences at the lowest administrative level possible. You, as a parent, are encouraged to seek assistance from your child's service coordinator, the regional center, or the Special Education Local Plan Area (SELPA) office.

CCR 52172(a)

◆ Circumstances leading to a due process hearing may be disagreements related to a proposal or refusal for identification, evaluation, assessment, placement, or services.

Complaints, Mediation Conferences,

- CCR 52172(g) ◆ Your child will continue to receive the early intervention services identified on the IFSP that he/she is currently receiving unless you and the regional center or LEA otherwise agree to a change. If your disagreement involves a new service that has not started, your child will receive all services identified on the IFSP that are not in dispute. This does not include your regional center providing early intervention services after your child has reached 36 months of age, as federal law and regulations do not allow states to pay for early intervention services under any circumstances once your child transitions from Early Start. The program or programs your child enrolls in subsequent to transition from Early Start is responsible for providing you and your child services for which he or she is eligible to receive.
