

A free PACER workshop for parents of children with disabilities

Building Family and Physician Partnerships Through Effective Communication

•Webinar•

Wed., July 22, 2020
6:30 to 8:30 p.m.

To register:

PACER Center
PACER.org/workshops

Join this open forum session to discover new approaches to communicating with your care team and to learn and ask questions for better family physician relationships and health outcomes. Dr. Michele Peterson, a pediatrician with experiential knowledge and a passion for family- and patient-centered care, will be our guest speaker.

You will receive a webinar access email following registration.

Keynote Speaker: Dr. Michele Peterson, MD

Before entering medical school, Dr. Peterson was a PCA for a child with a rare neurodegenerative disease, and saw firsthand what families and children with medical complexities live with on a daily basis. This experience shaped her desire to be a doctor with a mission to support families in a patient/family centered manner.
